Experience
360° Clarity
WITH VISIX 12MP OUTDOOR FISHEYE CAMERA

Experience the future of surveillance with VX-12M-360-IAW, 3xLOGIC's VISIX 12MP Outdoor Fisheye Camera. In today's market, blind spots and insufficient coverage pose significant risks to businesses. But with VX-12M-360-IAW, dealers can provide affordable, high-definition 360° coverage, seamlessly integrating with 3xLOGIC's VIGIL Suite for ease of management and for further enhancements. For dealers, it also means a competitive edge and expanded service offerings.

End users benefit from enhanced detail, industry-leading megapixel count, and a rich viewing experience. Revolutionize surveillance across different environments with customizable options and seamless integration capabilities, ensuring comprehensive security and peace of mind.

Key Features:

360° Coverage:
Captures every angle, providing comprehensive surveillance without blind spots.

12MP Image Processor:
Delivers exceptional high-definition clarity with up to 4000(H) x 3000(V) pixels when de-warped.

PTZ Capability:
Digitally pan, tilt, and zoom to any location for enhanced monitoring and investigation

Integrated IR, Audio, and Alarm:
Equipped with 70' IR range, audio with microphone, and alarm inputs/outputs.

360 De-warping:
Allows tailored settings to meet surveillance needs, ensuring optimal performance. It offers enhanced control and flexibility, enabling users to select and customize viewing areas precisely:

»   Single view (region)
»   Panorama + focus views
»   Quad view

IP67/IK10 Rated:
Built to withstand harsh outdoor conditions, ensuring durability and reliability.

ONVIF Profile S:
Ensures compatibility with a wide range of third-party devices and software.

True WDR:
Advanced image sensors ensure a balanced image, with an even illumination to every part of the image for optimal results.

3xLOGIC

Use Cases:

Retail Stores:
Transform retail surveillance with VX-12M-360-IAW for complete 360° coverage, eliminating blind spots. Seamlessly integrate with VIGIL VMS software for enhanced retail security including options such as POS integration and customer behavior insights.

Educational Institutions:
Safeguard educational campuses effectively. Seamlessly integrate with VIGIL VMS software specialized for educational settings, enabling versatile monitoring and efficient investigation capabilities to ensure the safety and security of students, staff, and assets.

Commercial Properties:
Enhance security in commercial properties with VX-12M-360-IAW. Designed to withstand harsh outdoor conditions while delivering high-definition surveillance and enabling property owners to monitor and protect their assets effectively.

Large-Area Surveillance:
Capture every angle of large areas with superior detail, providing rich viewing experiences and empowering security personnel with comprehensive monitoring and investigative tools.

3xLOGIC

Benefits:

For Dealers:

Market Competitiveness:
Offer a high-definition, cost-effective solution that seamlessly integrates with the VIGIL Suite of Products, enhancing your competitive edge.

Versatile Tools:
Take advantage of versatile tools including heatmapping, expanding your service offerings and meeting diverse customer needs.

For End Users:

Enhanced Detail:
Enjoy high-definition 360° coverage, allowing areas of interest to be focused on in detail.

Industry-Leading 12MP:
Double the industry standard to 12MP, delivering superior detail demanded by customers.

Rich Viewing Experience:
Pair with VIGIL Server heatmapping and enhanced VIGIL Client 360 De-warping featuring Immervision SDK for a rich viewing experience.

Integration Capabilities:

Seamlessly integrate with the full family of VIGIL Video Management System (VMS) software, enhancing surveillance capabilities and streamlining operations.

Technical Specifications:

- » IR – 70' (22m)
- » Video Compression - H.264, H.265, MJPEG
- » Audio In/Out - Mic/1 Line
- » Alarm In/Out - 1 Line/1 Line
- » IP Rating – IP67

- » IK Rating – IK10
- » Power - PoE IEEE 802.3af Class3
- » Power Consumption - DC Max 10.2W PoE Max 11.5W
- » ONVIF Profile S
