

# What is VIGIL CLOUD™?

VIGIL CLOUD extends the award-winning VIGIL Video Management System into the cloud with enhancements designed to harness the power, scalability, and ease of use that are the hallmarks of cloud services.

Building on our 20+ years of experience in recording and managing video, VIGIL CLOUD brings a new paradigm to physical security through a powerful Case Management system that empowers users to share critical information and insights easily and quickly with team members and other stakeholders. Leveraging cloud technology's low cost of deployment, VIGIL CLOUD delivers the holistic view of your security system you've been looking for.

## Quality Live and Event-Based Recorded Video

Detailed, clear multi-camera views identify suspicious activity and prevent shrinkage through high-resolution footage directly on the VIGIL CLOUD Web Viewer.

## Easy Set-Up & Usability

VIGIL CLOUD is easily managed when changing permissions or adding/removing users. Constant upgrades and updates ensure the user has the latest, most powerful features.

## Efficient Case Management

Tired of saving video clips to a desktop folder to review later? Too time-consuming to organize video clips and notes needed to share with other parties? VIGIL CLOUD's Case management is a simple, elegant way to select, store, and annotate a single clip or a combination of clips to be easily shared and stored for your immediate or historical needs.

## A Simple Solution to Video Surveillance and Management

### Software Features

- Case library
- Comprehensive account management
- Video stream recording
- Video playback and download
